

the 1990s, the number of people with a diagnosis of schizophrenia has increased by 20% in the United Kingdom (Meltzer 1997). In the United States, the prevalence of schizophrenia has increased by 50% since 1950 (Meltzer 1997).

There is a growing awareness of the need to improve the lives of people with mental health problems. The United Kingdom has a number of government initiatives to improve the lives of people with mental health problems. The Department of Health has set out a number of targets for the improvement of mental health services (Department of Health 1999). The United States has a number of government initiatives to improve the lives of people with mental health problems (Meltzer 1997).
